

Greetings from Neal Math and Science Academy!

This document will help you prepare your child to take the MAP Growth test. Please be available at the following times to support your child's testing:

**Math Test – December 8<sup>th</sup> from 8:30 – 10:00 a.m.**  
**Reading Test – December 9<sup>th</sup> from 8:30 -10:00 a.m.**  
**Makeup Test Sessions –December 10 and 11th**  
**from 8:30 – 10:00 a.m.**

## What is MAP Growth?

MAP Growth helps teachers understand what students know today, so goals can be set to improve growth throughout the year. **Students cannot pass or fail this test.**

**This test will not affect grades.** In fact, it's normal for students to only answer about half the questions correctly. **Please don't help them!**

Given the challenges of learning from home, MAP Growth test results are especially helpful for us this year. **These results will help us know what students are ready to learn.**

## Test Preparation

### On Test Day

1. Minimize distractions for your child as much as possible
2. Provide as quiet of a testing environment as possible
3. Allow the teacher/proctor to open the session first
4. Log in at [test.mapnwea.org](https://test.mapnwea.org)
5. Make sure your child is logged into their Google Meet so that they have a way to communicate with the teacher during the test
6. Follow any additional instructions from the teacher
